

*Байкало-Ангарское бассейновое
упр-ие вод. путей и судоходства*

The diagram shows a complex network of lines representing water routes. At the top, there is a cluster of irregular shapes, some of which are shaded in gray. Below this cluster, two large, vertically oriented rectangles are positioned side-by-side. To the right of these rectangles, there are two more shaded gray areas, one above the other, connected by a thin line. The entire diagram is enclosed within a large, irregular boundary line.
